MT-DESIGN EXPLORER YACHT is designed for long expeditions in rough waters. Blending a robust, hard-working character with luxurious added extras, like helideck with hangar, swimming pools and large tender boat on-board. In addition, there will be a hangar for several smaller boats and equipment for water sports. The vessel keeps the latest technology on diesel electric propulsion systems.

THE VESSELS ARE DESIGNED TO FULFIL THE FOLLOWING DUTIES

Long expeditions in rough waters in high standard accommodation. Combined with helideck and hangar for helicopter, this vessel will be able to support a wide range of journeys into remote areas. The vessels will be built according to the latest Passenger Yacht Code rules.
